Well up in the evening, down in Mobile, Alabama.  
 Working on a railroad with a steel driving hammer  
 Got to make some money, buy some brand new shoes  
 Try to find somebody take away these blues  
 She don't love me here, I'm singing in the sun  
 Payday's coming when my work is all done

**Lead = Verse**

**Verse 2**    Early in the evening when the sun is sinking low  
               All day I been waiting for the whistle to blow  
               Sitting in a teepee built right on the tracks  
               Rolling them bones until the foreman comes back  
               Pick up your belongings boys and scatter about  
               We've got an off-schedule train comin' two miles about

**Lead = Verse**

**Verse 3**    Everybody's scrambling, running around  
               Picking up their money, tearing the teepee down  
               Foreman wants to panic, 'bout to go insane  
               Trying to get the workers out the way of the train  
               Engineer blows the whistle loud and long  
               Can't stop the train, gotta let it roll on
